Ohio Department of Job and Family Services

**ADVANCE NOTICE TO SUSPEND
PROFESSIONAL, RECREATIONAL, AND/OR DRIVER'S LICENSE**

You have been found by a court or child support enforcement agency (CSEA) to be in default under a child support order or you have failed to comply with a subpoena or warrant issued by a court or agency with respect to a proceeding to enforce a child support order.

On 1/22/2013 the CSEA will take action to suspend your professional, recreational (i.e., hunting, fishing, boating, etc...), or driver's license. A notice containing your name, social security number or other identification number may be sent to every licensing entity that has authority to issue, or has issued you a license. To stop this action from occurring you must contact our office by 1/18/2013 and speak with a representative to discuss possible ways to stop this action.

If the licensing entity receives such a notice and determines that you are the individual named in the notice, all of the following will occur:

- The licensing entity will not issue any license to you and will not renew any license that you hold;
- The licensing entity will suspend any license that you hold; and
- The licensing entity will not reinstate a suspended license until the board receives a notice from the CSEA that you are in compliance.

Please be advised if your license privileges are denied, withheld, or suspended:

- You will be responsible for any reinstatement fees owed to the licensing entity;
- You may see an increase in your insurance premiums as a result of the suspension;
- You may be subject to additional fines and penalties should you engage in the activity associated with the suspended license; and
- Your employment may be adversely affected as a result of the suspension.

REMEMBER: If you contact our office by 1/18/2013 you may be able to stop the suspension of your license(s).
